Appointments in the Medical School at the Instructor Rank

1. The title of Instructor (all faculty tracks) should be used only for individuals in a clinical area of activity (regardless of department) who do not fit the criteria for appointment as Assistant Professor (criteria detailed below), but merit a faculty appointment based on their roles in the Medical School. These appointments require prior consultation with the Associate Dean for Faculty Affairs.

2. The title of Instructor is not available for Ph.D. faculty, per University policy.

3. Time limit: In general, these appointments should not exceed 3 years duration

Appointments in the Medical School at the Assistant Professor Rank

1. Entry level faculty appointments in the Medical School will usually be at the rank of Assistant Professor (all faculty tracks).

2. Requirements for appointment as an Assistant Professor include:
   a. Terminal Degree (M.D. or equivalent, Ph.D.)
   b. Board-eligibility or certification (if applicable - clinical specialties)
