01 INSTRUCTION

11 INSTRUCTION
Activities providing teaching and instruction offered for credit. For noncredit instruction, see Code 32 or 33. Includes: Classrooms, lecture halls, recitation rooms, seminar rooms, classroom laboratories, instructional computer laboratories, instructional service rooms, faculty and teaching assistant offices. Excludes: Department chair and administrative offices and support space (see Code 43) and faculty and research assistant offices used solely for organized research (see Code 21).

02 RESEARCH

21 ORGANIZED RESEARCH
The systematic study directed toward fuller scientific knowledge of the subject being studied in order to produce outcomes that contribute to new knowledge. In contrast to Departmental Research (Code 22), Organized Research is conducted in an organized and planned fashion where there is a defined work statement, a specific commitment regarding deliverables and the level of personnel effort, specifically budgeted and accounted for (i.e. a line item budget detailing expenditures by activity and project period) and a formal report or response that summarizes results or conclusions. Funding may be either from institutional funds (gifts, endowments, income, interest income, technology licensing income or general operating budgets) or from external sponsors such as federal, state, corporations and foundations. Includes: Space used for research grants and contracts funded by federal or state governments, corporations and foundations. Space used to administer research grants and to prepare progress reports for current awards. Faculty and research assistant offices used only for organized research activities. Departmental space used to house and support animals used in research. Research Animal Resources (RAR) space used to house animals. Excludes: RAR office space and animal quarters service and support space (see Code 81).

22 DEPARTMENTAL RESEARCH
Research activities financed by general operating funds and/or other funds such as gifts or endowments which have the following attributes: Are not separately budgeted and accounted for under an internal application of institutional funds. Are not organized or planned. Funds are discretionary in nature. No formal financial reporting process is required. Includes: Space used to perform research with "seed" monies to bridge research projects expecting a sponsor.

23 SPONSORED PROJECT ADMINISTRATION
Limited to space used for those activities done by a separate organization(s) established primarily to administer sponsored projects including such functions as grant and contract administration (federal and non-federal) and editing and publishing of research and other reports. Includes: Sponsored Projects Administration (SPA). Sponsored Financial Reporting. Excludes: Collegiate and department sponsored project administration (see Code 21). Patents and Technology Marketing (see Code 61).

03 OUTREACH - PUBLIC SERVICE

31 OTHER SPONSORED RESEARCH
Programs and projects sponsored by federal and non-federal agencies and organizations that are administered through Sponsored Projects Administration (SPA) which involve activities other than organized research. Includes: Sponsored non-credit community education. Sponsored community service programs. Sponsored health service projects. Space used for training of individuals in research techniques, commonly called research training, where such activities use the same facilities as other research and development activities.

32 CONTINUING EDUCATION (NON-CREDIT)
Activities from within the University providing continuing education (non-credit instruction) for members of the community, not enrolled students. Includes: Certification activities. Professional development. Non-credit conferences, seminars and workshops.

33 COMMUNITY SERVICE (NON-CREDIT)
Activities from within the University providing services to the community at large, to special sectors of the community or to individuals outside the University. Includes: Cooperative extension services. Concerts and lectures.

34 RESEARCH CLINICAL TRIALS
Space used for clinical trials where funds are administered through Sponsored Projects Administration (SPA) and those funds are expended for pharmaceutical and medical device testing on human subjects.

04 ACADEMIC SUPPORT

41 LIBRARIES
Activities directly supporting the use, operation and support of a cataloged or classified collection of published materials under the administrative control of the University Library.
